

When your staff work alone and you need to know they can be found if something goes wrong, you need SOS Trakka.

4G powered, it can pinpoint their location via GPS. Its rugged and sturdy water resistant design makes it ideal for outdoor use.

Ideal for staff in high risk settings like remote health care, security services, working with animals or equipment away from back-up.

Chargeable with wireless or magnetic charging, it's lightweight and easy to carry with our lanyard and belt clip.

Help is only a push button away. And you can have real time situational awareness of where your staff are.

Standard features include:

- Live tracking
- GPS Positioning
- SOS Button
- Water resistant
- Two Way Audio
- Wireless and magnetic charging
- Lanyard and belt clip included
- Compact and lightweight

HELP IS AT HAND
IF SOMETHING
GOES WRONG
